

F. Christian ministry Higher Certificates

TEE College offers a variety of Higher Certificate programmes in the Christian ministry stream.

Each of these has a particular focus in an area of Christian ministry – beginning with a foundation in discipleship and then equipping students for particular ministry areas.

These programmes differ from our Theology stream of programmes in that their subject matter is thematic, integrated and interdisciplinary, while retaining a practical focus on skilled, informed and ethical ministry.

This booklet contains the information for the following four Christian ministry higher certificates:

- **Higher Certificate in Christian Leadership & Management**
- **Higher Certificate in Christian Proclamation**
- **Higher Certificate in Christian Worship**
- **Higher Certificate in Pastoral Care**

Accreditation status

TEE College is registered with the Department of Higher Education and Training (DHET) as a Private Higher Education Institution, and it offers qualifications accredited by the Council on Higher Education (CHE).

These Higher Certificates are registered with the South African Qualifications Authority (SAQA) at level Five on the National Qualifications Framework –

- Higher Certificate in Christian Leadership & Management (ID 93927),
- Higher Certificate in Christian Proclamation (ID 94840)
- Higher Certificate in Christian Worship (ID 94842)
- Higher Certificate in Pastoral Care (ID 93855).

Christian ministry Higher Certificates Outcomes:

- provide the knowledge, skills and values you will need to help you do theology in your context and in other less familiar contexts;
- help you think more deeply and critically about Scripture, the Church, ministry and a variety of contexts;
- enable you to put into practice—in church and community contexts—what you are learning;
- stimulate and develop your personal spirituality as you learn to

incorporate your studies into your life and ministry;

- develop academic disciplines and competencies that will enable you to continue to study beyond this programme should you so wish;
- provide an introduction to general theological disciplines with the option to continue with a Diploma, or gain entrance to an undergraduate degree.

Who may register for these qualifications?

- Any person wishing to register for the above Higher Certificates must have successfully completed Grade 12 / Standard 10 (South African National Senior Certificate – NSC), or equivalent. Alternatively, they must have successfully completed the TEEC Access Assessment.

People who are unsure about their available time or ability to study formally have two options:

- to start this Higher Certificate and use its progression options to further study,
- or to use the TEEC Access Assessment to evaluate appropriate study paths.

The Access Assessment eliminates complications over entrance requirements, and also sets students on an academically realistic path. More information about the Access Assessment is available from the College or the website.

Note that the Christian ministry Higher Certificates are significantly different from the Theology programmes offered by TEEC, and the Higher Certificate in Theology in particular. It is not possible to transfer credit between these two programme streams.

Please speak to College staff if you need clarity as to how these Higher Certificates relate to other programmes.

If your studies are part of preparation for formal recognition of ministry, then do check with your church training authorities whether this is an appropriate study path for you.

Graduation requirements:

To complete any of the 120-credit Christian ministry Higher Certificates and graduate, you must:

- complete all four Fundamental courses (48 credits);
- complete all six Core courses (72 credits)

We recommend that:

- you balance your course load over the year between the first and

second semesters;

- you register for no more than 24 credits (2 courses) in a semester if you study part-time;
- you set aside at least four and a half hours of study time per week for each course;
- you give yourself more study time in the weeks leading up to due dates for assignments, as you may need to carry out practical work done away from your desk;
- you attend a tutorial group, if any are available near you.

Study Path:

These are lock-step programmes and courses are to be attempted in the order given.

Each course "credit" requires about 10 notional hours of work. Therefore a 12 credit course requires about 120 hours for an average student. You will do this work between your registration

with the College and the date of the final assessment in the course. This includes reading, course work, and work done 'away from the desk' as well as preparation and writing of assignments. Registering early gives you more time to complete the course.

Articulation & Progression

Completion of fundamental courses on a Christian ministry higher certificate is recognised (and can be credited for the equivalent course) on other higher certificates in the Christian ministry stream (this does not apply to the Higher Certificate in Theology on the theology programme stream).

Bachelor of Theology: If you did not previously have at least a National Senior Certificate with University Entrance (or equivalent), then any completed Higher Certificate meets the entrance requirement for an undergraduate degree in Theology (B.Th). However note that you are not able to transfer any credits from the Higher Certificate to the B.Th.

Student enrolment contract

Applications must be submitted on the official programme registration form (printed, electronic or online) providing the applicant's personal details, including contact information, NLRD data and the requested courses. By submitting an application to the College the applicant undertakes to abide by the Rules & Regulations of the College and acknowledges responsibility for their student account. The form includes the College's statutory information, contact details, operating hours and bank details.

This form is available on request or from the College web site during the relevant registration periods.

A PHYSICAL address must also be entered on your application form – since all physical course material will be couriered to you. This does not need to be your home address but an address where someone can sign for your delivery (work, family, friend, church etc). A POSTAL address must be entered on your application form – this will be used for all correspondence except for the delivery of Course Material.

See the *Registration Regulations* in the *Rules & Regulations*.

student account, which will usually leave a small difference on your student account. You need to provide a physical address for delivery.

Study Fees

Course Fees paid in full at registration are discounted (less than the full price). This is **Option A or Option B**.

Registering early means that you will also receive your study material early which will give you a head-start with your studies and assignments.

It is also possible to **pay by instalment** – This is **Option C**.

You pay a deposit for each course when you register and also submit a completed debit order form. The balance is paid in four instalments which must be settled by the end of May (first semester courses) or by the end of September (second semester courses).

Students who did not previously fulfil their Option C instalment obligations are not offered Option C in future years – you will be required to pay for courses in full – (Option A or Option B) at the discounted rate.

No payment of course fees = no registration.

There is no application fee on this programme, only fees per course.
