

D. Diploma in Theology

The TEEC Diploma in Theology programme has served the preparation of ministers across Southern African churches for many years.

The programme provides a solid grounding in theological disciplines and requires students to engage practically with what they learn. Practical work in a local context is an important part of assessment.

Those who have an eye towards future post-graduate studies might consider the degree programme, as diploma programmes do not always easily articulate to higher levels (or may require some bridging work). If you do not meet the degree entrance requirements then there are alternative routes to access a degree either with a Higher Certificate or the TEEC Access Assessment.

A diploma is usually the programme of choice for those who are seeking a practical and rounded theological preparation for ministry in congregational and local contexts. The majority of TEEC graduates completed a diploma programme engaging in effective ministry across Southern Africa and beyond.

Accreditation status

TEE College is registered with the Department of Higher Education and Training (DHET) as a Private Higher Education Institution, and it offers qualifications accredited by the Council on Higher Education (CHE).

This qualification (Dip.Th) is registered with the South African Qualifications Authority (SAQA) at Level Six on the National Qualifications Framework with Learning Programme ID 80193.

This qualification does not automatically lead to ordination. Ask your church leaders for advice about the requirements for ministry in your church.

Dip.Th Outcomes:

This programme is designed to:

- provide the knowledge, skills and values you will need to help you do theology in your own context and in other less familiar contexts;
- help you think more deeply and critically about Scripture, the Church, and a variety of contexts;
- enable you to put into practice - in church and community contexts - what you are learning;

- stimulate and develop your personal spirituality as you learn to incorporate your studies into your life and ministry;
- develop basic academic disciplines and competencies that will enable you to continue with further study within the National Qualifications Framework, should you wish to do so.

Who may register for this qualification?

Any person wishing to register for the Dip.Th must have passed Grade 12 / Standard 10 (South African National Senior Certificate - NSC), or equivalent.

Alternatively, they must have successfully completed the TEEC Access Assessment.

If you are considering future post-graduate studies but do not meet the degree entrance requirements, then consider accessing a degree via a Higher Certificate or the TEEC Access Assessment - that will put you in a better position for further post-graduate studies. Progressing to post-graduate study from a diploma is not always straight-forward.

Students who have completed courses on the TEEC Higher Certificate in Theology may be admitted to the Dip.Th, and be credited with up to 60 credits at NQF level 5.

Graduation requirements:

To complete this 360 credit Diploma in Theology you must complete (or be credited for) the following courses:

- complete all six Compulsory courses (level 5) - 120 credits;
- complete six Elective courses (at level 6) - 120 credits;
- complete two Elective courses (at level 7), plus a further three Electives at Levels 6 or 7 - for a total of 100 credits;
- complete the Compulsory level 7 course 87401 - 20 credits.

We recommend that:

- you study a maximum of two courses at a time if you study part-time, and no more than four courses if you study full-time;
- you set aside at least six hours of study time per week for each course;
- you give yourself more study time in the weeks leading up to due dates for assignments, as you may need to carry out practical work done away from your desk;
- you attend a tutorial group, if any are available near you.

Programme delivery:

This programme uses printed workbooks. Some courses will have

additional resources (such as readers or DVDs) or published textbooks – these are listed in the course descriptions that follow. These items are included in the course fee.

- Only register for level 6 courses once you have completed (or are registered to complete) the level 5 courses;
- Only register for level 7 courses once you have completed (or are registered to complete) at least six level 6 courses.

Regardless of the combination of courses you take, or the number of credits you earn, you need to meet the qualification requirements before this qualification will be awarded.

Each course on the Dip.Th carries a credit value of 20. Each credit represents approximately 10 notional study hours. Therefore a 20 credit course requires approximately 200 study hours which works out to six hours per week over 32 weeks. This includes working through the material, completing tasks that are done 'away from the desk', and preparing and writing assignments.

Pre-requisites

Some courses are dependent upon the successful completion of earlier courses. It is not possible to register for a course if its pre-requisite courses have not been completed.

A POSTAL address must be entered on your application form – this will be used for all correspondence except for the delivery of Course Material.

We will only charge the actual cost to your student account, which will usually leave a small difference on your student account. You need to provide a physical address for delivery.

Fees 2022

Course Fees paid in full at registration are discounted (less than the full price). This is **Option A or Option B**.

Registering early means that you will also receive your study material early which will give you a head-start with your studies and assignments.

It is also possible to **pay by instalment** – This is **Option C**.

You pay a deposit for each course when you register and also submit a completed debit order form. The balance is paid in four instalments which must be settled by the end of May (first semester courses) or by the end of September (second semester courses).

Students who did not previously fulfil their Option C instalment obligations are not offered Option C in future years - you will be required to pay for courses in full - (Option A) at the discounted rate.

Fees payable at application

A registration application is ALWAYS accompanied by a payment - either the full discounted course fees (Option A or Option B) or the course deposits (Option C).

No payment of course fees = no registration.

In each year that a student registers for courses (Full or Repeat) the annual application fee applies. This is only paid once in an academic year, and it is not refundable.

Student Financial Aid

TEE College does not hold funds for bursaries. Please contact your denominational authorities as some churches do provide bursary assistance to their students.

Some Financial Institutions will grant you a study loan (such as EduLoan / Fundi). You need to apply in good time. Once you know which courses you intend to register for then request a Quote (also called a Pro-Forma Invoice) from the College to support your loan application (Get the pro-forma invoice from the College and then apply to the financial institution for the loan).

Remember that such a loan incurs fees charged by the lending institution. Always read the terms and conditions carefully before signing.
